Conditions of use

The Pembrokeshire Railcard is not valid unless the railcard has been signed by the holder, nor is it transferable to anyone else. Tickets bought with a railcard are for use by the railcard holder only.

A railcard does not become your property, and if requested must be handed in to Arriva Trains Wales.

When requested by rail staff, the holder must show a valid railcard otherwise the full standard fare will be payable as if no railcard were held.

If the railcard becomes defaced, illegible or torn, it will not be valid. Replacement cards will be issued upon payment of a £5 administration fee.

Issue of duplicate and replacement railcards

Arriva Trains Wales may refuse to issue or renew a railcard, or undertake to replace lost or stolen railcards.

Validity of discounted tickets

Travel is permitted within the normal validities of the tickets issued provided a valid railcard is held and produced on demand. Discounted tickets are valid for travel on all services between Pembrokeshire and Swansea and cease to be valid on expiry of the railcard.

Tickets are subject to the National Rail Conditions of Carriage and those conditions listed in this leaflet. In the event of conflict, the conditions in this leaflet shall apply.

Terms and conditions may be subject to change. For details, please check with your nearest staffed station, by phone or on-line.

Procedure for purchase of discounted tickets

Where facilities exist, tickets should be bought before boarding the train. If not, railcard holders will be required to pay the full standard single fare on the train without the benefit of any discount.

Where ticket issuing facilities are not available at a station, tickets may be purchased on the train at the appropriate discounted fare.
